

ABHISHEK BHARDWAJ

Full Stack Developer

+91 8439453674 | babhishek609@gmail.com | LinkedIn | GitHub

Full Stack Developer skilled in React JS, Java, and PHP, with hands-on experience building responsive web applications, dashboards, and AI-integrated tools. Quick to learn, detail-oriented, and focused on writing clean, maintainable code.

TECHNICAL SKILLS

Languages: Java, Python, PHP

Backend: Java, PHP, Node.js

Frontend: HTML, CSS, JavaScript, React JS

Database: MySQL

DevOps / Tools: Postman, VS Code, GitHub, Linux

INDUSTRY EXPERIENCE

Software Developer — ONIT Services — Ghaziabad, India

- Developed and maintained client websites and web applications using React JS.
- Engineered responsive, user-friendly interfaces with HTML, CSS, JavaScript, and React.
- Collaborated cross-functionally with the team to deliver projects on schedule.

Web Developer Intern — Softkwit Pvt. Ltd. — Delhi, India

Jun 2025 – Aug 2025

- Tested and debugged websites across multiple browsers to ensure consistent quality.
- Designed and built blog post sites from the ground up using HTML.
- Proactively pursued additional training to strengthen web development skills.
- Contributed to an e-commerce website build.

PROJECTS

Company Dashboard ([React JS](#), [Highcharts](#), [React-Leaflet](#), [Tailwind CSS](#))

- Engineered an interactive analytics dashboard with dynamic filters, KPI cards, and expandable card views.
- Integrated Highcharts for real-time data visualizations and React-Leaflet for map-based location insights.
- Built custom date-range filtering, searchable navigation, and a fully responsive Tailwind-based UI.

AI Chatbot ([React JS](#), [JavaScript](#), [CSS](#), [Grok API](#))

- Designed a web-based chatbot that simulates human conversation for real-time, automated query resolution.
- Integrated the Groq API for fast AI-driven responses, plus search, login, signup, and cart interfaces.
- Streamlined support workflows by replacing manual query handling with instant, intelligent responses.

Ecommerce Website ([HTML](#), [CSS](#), [JavaScript](#))

- Developed the frontend for product listing, purchase, and add-to-cart functionality with a responsive UI.
- Implemented dynamic product rendering using JavaScript arrays and a promotional banner carousel.
- Built search, login, signup, and cart interfaces to complete the shopping experience.
